

# WOTA MOBILE APP

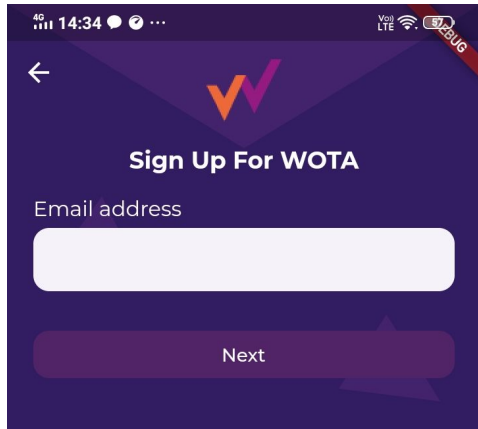

## User Manual

Version 1.0.1

When the WOTA mobile app is first launched, users will have to go through the onboarding screens that will give users a glimpse of what to expect from the app.

Already have an account?  
**Sign In**

First-time users are required to register for an account by clicking on the “Sign Up” button on the previous page. The user will then be required to verify their email addresses and fill in all the required fields.

For additional security, users are required to set a six-digit security code that will be used when they perform withdrawals on the mobile application.

The image shows a mobile application interface for WOTA. At the top, there is a status bar with '4G LTE' and '16:50'. Below this is a dark purple header with a stylized 'W' logo in orange and purple. The main title 'Sign into WOTA' is centered. Below the title are two white input fields: 'Email address' and 'Password'. The 'Password' field has an eye icon on the right. Below the 'Password' field is a link 'Forgot password?'. A large purple button with the text 'Sign In' is centered below the links. Below the button is a small disclaimer: '\*By logging in, you agree to the terms and conditions.' At the bottom, there is a link 'Don't have an account?' and a purple button with the text 'Sign Up'.

## Password Reset

Email address

example@mail.com

Email address not found.

This screenshot shows the 'Password Reset' screen of a mobile application. At the top, the status bar shows the time as 9:27, and the navigation bar includes a back arrow and the 'W' logo. The title 'Password Reset' is centered. Below it, there is a label 'Email address' and a text input field containing 'example@mail.com'. A red error message 'Email address not found.' is displayed below the input field.

Next

This screenshot shows the 'Update Your Password' screen of the same mobile application. It features the same top navigation elements. The title 'Update Your Password' is centered. Below it, there are two labels: 'New Password' and 'Confirm Password'. Each label is followed by a text input field with masked characters (\*\*\*\*\*). At the bottom, there is a dark purple button labeled 'Next'.

Existing users who have forgotten their passwords can reset their password by clicking on the “Forgot password” on the Sign In page. By entering the email address, users will receive an email link that will redirect the users back to the mobile application to enter a new password.

Once a user has successfully logged in to the mobile application, they will be directed to the “Home” page. Here, users see:

1. Their total investment amount in USD and in ETH
2. Portfolio button
3. Deposit button
4. Start Investing button

A mobile app screen showing the 'Amplify' page. At the top, there's a back arrow and the title 'Amplify'. Below is the 'Growth Fund' section with a description: 'The beginning of financial freedom and passive income with your cryptocurrency investments. Our pioneer package which allows investors to attain hefty returns on investment with us at WOTA.' This is followed by 'Fund Details' listing: 'Last Month's Profit: 30.0% of ETH profit', 'Tenure: 12 month', 'Type of Return: Fixed Monthly Payout', 'Min Value: 100.00ETH', and 'Accepted Digital Currency: ETH'. Then, 'Terms and Conditions' are listed: 'This Contract will be construed in accordance with, the laws of Labuan Financial Securities Authority and Parties irrevocably submits to the exclusive jurisdiction of the courts of Malaysia.' At the bottom, there's a 'Growth Fund' section showing 'Contract Amount' and 'Balance 101169.18 ETH', a large empty input field, and 'Minimum Contract Amount: 100.00 ETH'. A purple 'Next' button is at the very bottom.

| Maturity Date     | <b>2021-12-01</b>       |
| Principal Amount  | <b>1000.0</b>           |
| Status            | <b>Active</b>           |

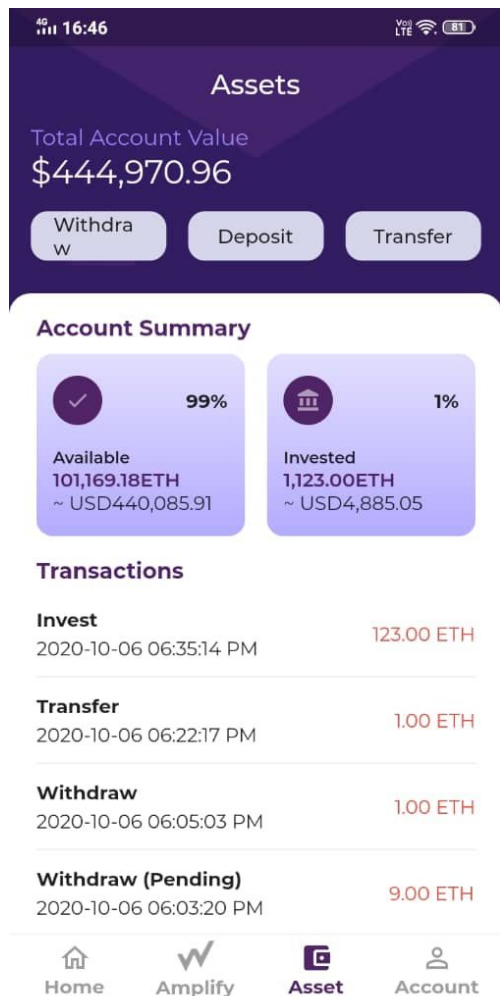

When the user taps on the “Portfolio” button on the “Home” page, they will be directed to the “Activity” tab on the “Amplify” page.

Here, users can see all their portfolio activities - which are completed or are still active. Users may tap into each portfolio for more details.

By tapping on the “More” button on the top of the “Amplify” page, users will be able to view the monthly reports that were carried out by Baker Tilly.

The “Asset” page gives users an overview of their total account value, account summary in terms of available and invested amounts in ETH and transaction history. Besides that, this page also enables investors to withdraw, deposit and transfer cryptocurrencies.

To withdraw, users are first required to enter the amount to be withdrawn. Thereafter, the user has the option of withdrawing by scanning an external wallet's QR code or by filling in the address manually. Once the user has filled in the external wallet address, they will be directed to a confirmation page before the actual withdrawal takes place.

To deposit into the WOTA mobile application, users just need to scan the QR code on this page using their external wallet or copy this deposit address and paste it as the recipient on their external wallet.

**Amount**

You can transfer up to 101169.18 ETH

Next

The WOTA mobile application also supports transfer of cryptocurrencies between registered users. To perform a transfer, users just need to enter the email address of the recipient along with the amount to be transferred to the recipient. Users will be able to view the recent transfer transactions on the page as well.

The account page contains an array of functions such as editing your profile, reading FAQs, sending feedback, inviting a friend as well as logging out.
